

HOT-SPOTS OF NREGA CORRUPTION IN ORISSA

The following List of villages has been prepared by using Corruption Detection Tool (CDT) devised by CEFS. CEFS is absolutely certain that there has been open loot and massive financial bungling of NREGA funds in more than 95 per cent of the villages selected in this list. However, it does not mean that CDT has detected every village where financial bungling has been committed. Financial bungling has been committed in almost every village of Orissa where NREGA has been implemented. CEFS is preparing a list of villages with open loot and massive financial bungling from all the 19 districts of Orissa where NREGA was implemented during 2006-7. The full list is coming shortly. Following is the list of 2461 such villages from 5 districts- Koraput, Kalahandi, Nuapada, Mayurbhanj and Gajapati:
